

# Updates on the Regional Greenhouse Gas Initiative (RGGI)

**Andrew McKeon**  
*Executive Director, RGGI, Inc.*

# Third Program Review

**Spring 2023:** Public meetings scheduled for March 29. Ongoing consideration of public comments.

**Summer 2023:** Conduct electricity sector modeling and solicit public input

**Fall 2023:** Conduct economic analysis and release a draft Model Rule for public review.

**Winter 2023/24:** Conclude Program Review; states begin individual regulatory processes to implement program changes

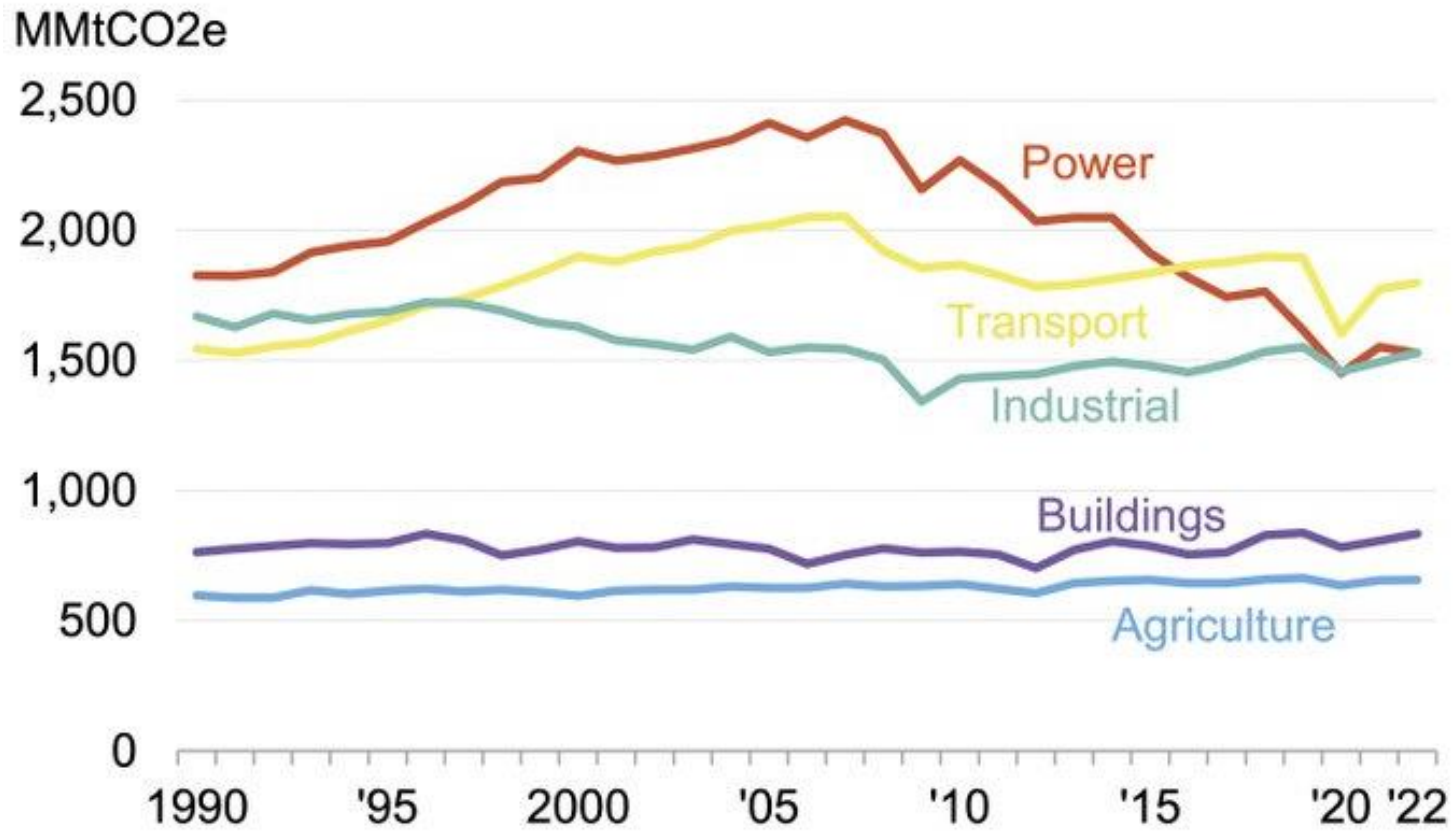

# State Participation

**Pennsylvania:** There is a stay in effect on PA participation while the state courts consider the state's RGGI regulation.

**Virginia:** VA has indicated that it will cease RGGI participation at the end of this year.

**North Carolina:** Is developing its RGGI regulation but has faced delays in this process.

# Emissions by Sector
